2:00 - 2:15  Break

2:15 - 3:00  Mulch and Herbicides - Dr. Mark Williams

3:00 - 3:45  Plants for 2003 - Dr. Winston Dunwell

3:45  Workshop Concludes

Speakers

Featured Speaker  Dr. Larry Kuhns  
Professor of Ornamental Horticulture  
Penn State University

Dr. Kuhns' research is centered on vegetation management along roadsides and nursery, landscape, and Christmas tree plantings, with an emphasis on the proper selection and use of herbicides and low-maintenance grasses. From 1977-1997 Dr. Kuhns held an extension/research appointment and conducted educational programs for the nursery, landscape, and garden center industries; Christmas tree growers and street tree managers. In 1998, Dr. Kuhns changed to a teaching appointment to help initiate the landscape management option in Penn State's Landscape Contracting major.

Dr. Winston Dunwell  
Associate Extension Professor, Nursery Crops  
UK Research and Education Center, Princeton

Dr. Robert McNiel  
Extension Professor, Nursery Crops  
University of Kentucky, Lexington

Dr. Mark Williams  
Assistant Professor, Landscape Horticulture and Weed Management, University of Kentucky
